## HISTORY

Bravat, By Dietsche was born in Black Forest, Baden – Wuerttemberg, Germany a region which has always been known for its history and culture of technological innovation and sophisticated machinery, where world famous enterprises such as Mercedes Benz, Bosch and Porsche are headquartered.

138 years ago, on the mysterious land of Black Forest, the founder of Roman Dietsche established a professional enterprise engaged in the production of bathroom accessories. Several decades later Bravat was launched by Dietsche to meet the demands of the global faucets and sanitary ware market. Bravat combines state of the art German engineering and manufacturing technologies with cutting edge international design and delivers trendy products that meet the most demanding clients' needs and aspirations.

Bravat's International design and engineering team gathers various talents from around the world. Bravat gains from it's group team of 14,000 people from different nationalities working across 21 facilities in 7 countries.

The most competitive advantage of the enterprise lies in its research, innovation, specialized production, supporting capacity, high quality, cost performance, product design and display capacity. It has set up 3 major R&D manufacturing bases in Germany, Europe and China, covering a total area of approx. 4,50,000 sq.m.

Bravat Bathroom Accessories is committed to giving its customers a brand new experience in bathroom. Bravat has 4 branches worldwide in Germany, Russia, China and India.

**Inspiration originates from differences.**

Bravat achieves wonderful combinations between reality and Fantasy, thus gives new life and experiences to products.

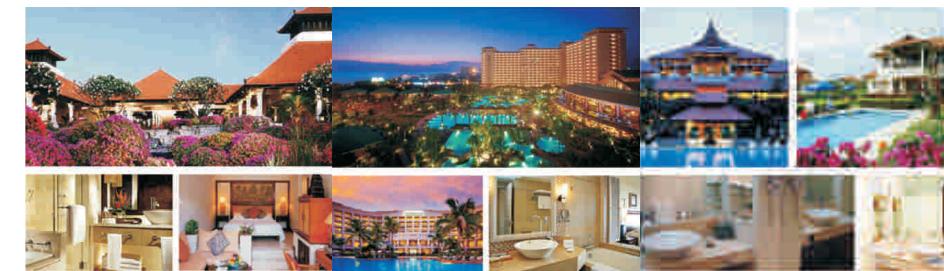

## **Bravat's Global Strategic Goal**

**To be the world leader in designer & affordable luxury in the bathroom solutions.**

Pallazzo Versace, Dubai

The Interlace Residence, Singapore

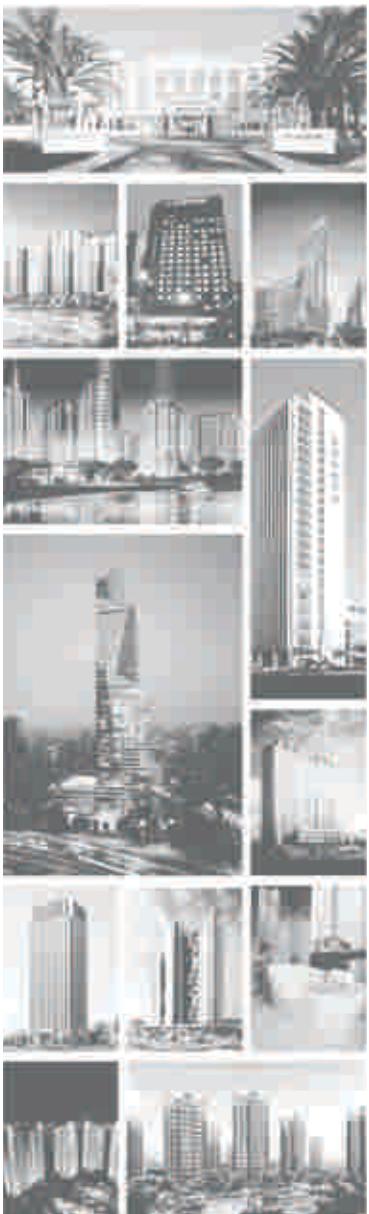

Grand Hyatt, Bali

Holiday Inn Resort

Bintan Lagoon Resort

The Yas Hotel, Abu Dhabi

### Some Prestigious Projects

**BRAVAT** uses the latest Technologies to produce World Class Bath Sanitaryware and meet or exceed the most Stringent International Quality Standards.

The USP for **BRAVAT** is trendy designs, state of the art technology, impeccable quality at affordable prices. **BRAVAT** in India aims to be the trendsetter in affordable design and luxury.

### High Quality Ceramic Body and Self-cleaning Glaze

1. Vitrified by 22 hours 1280 °C high temperature firing, our ceramic body has high density and good load-bearing performance. Glaze thickness is up to 1mm and the water absorption is less than 0.3%. With strong dirt resistance, our products remains lustrous over time.
2. Self-cleaning glaze is superior smooth and has good antibacterial effect. Dirt is hard to adhere to its bright and smooth surface. It is easy to clean, and make your life more comfortable.

### Advanced Flushing System

We optimize flushing pipe, jet pipe and drainage hole opening of the toilet. The siphon function can be quickly started within 3 seconds. The pipe is enlarged up to 45mm, which excesses the national standard-41mm, enables the smooth sewage flushing and makes your bathroom cleaner and fresher.

### One-piece Casting Technology

Adopting one-piece slip casting technology but not adhesive way, the tank and bowl combine without trace. The details reflect our refined technology and quality.

### Top Imported Valves

Applying the filling and flushing valves from the world-class brands, Swiss Gebert and U.S. Fluidmaster, provide you more than 200,000 times of quiet, safe, powerful and flushing cycle.

### UF Soft-close Seat& Cover with Quick Release Mechanism

1. The selection of UF Soft-close cover enables smooth and silent closing.
2. Adopting metal hinge, realizing the quick installation, use with ease and duration.

Enjoy Your Life  
with Bravat

Bravat brings the artistry  
and practical function  
into full play.
